

IDIBIDI KIDS
Massage In Schools Program
Feedback

Centre / School: BPS Out of School Care
Address: 55 Streatham Street
Suburb: Beckenham
Post code: 6107 Phone: 043 096 8560
Month & Yr of class: Jan 2010

What did you like best about the program?

It introduced and gave an insight to the children about massage.

Were you happy with the customer service Idibidi Kids provided?

Yes, Natalie was very good with the children and clearly demonstrated the massage strokes.

Would you consider including the M.I.S.P. as an incursion again at your centre/school in the future? If not, why?

Yes, It was something that children don't get to know a lot about. They enjoyed participating in the massaging.

Given the program is aimed at children aged 4 to 12 yrs and can be implemented in a school, kindergarten or child care environment, would you recommend the program to your friends / colleagues / other centres?

Yes I would recommend it to other centres.

Any further comments / suggestions you would like to add?

It was introduced so the children could have fun learning the massages. I liked that the children had to ask the person they were massaging for permission and accept if they said no, which some did. That teaches them to respect the wishes of others. Overall I liked the program very much. Thanks Natalie
